MEOLS HALL

When it comes to planning the wedding of your dreams, Meols Hall believe every moment matters. Their dedicated wedding coordinators will be on hand to work their magic every step of the way.

Matthew Rycraft Photography has worked with Meols Hall since the start of his wedding photography business in 2008. You will see lots of familiar images throughout this brochure.

WEDDINGS AT MEOLS HALL

A UNIQUE HISTORIC SETTING

Relaxed and original or traditional and formal – Meols Hall can be whatever you want for your wedding. It's your day!

They will help you to create the wedding of your dreams. Set in a hundred acres of private parkland, with wild meadows, enchanting woods and a bridge overlooking the estate. There are endless idyllic settings for beautiful photographs of your special day.

Meols Hall embraces the seasons, whether it is a beautiful spring wedding with the daffodils, spectacular summer or cosy candlelit winter wedding, there are plenty of options to create your bespoke dream day. Their experienced complimentary wedding planners will help you create your perfect day.

THE TITHE BARNE

The 400 year old Tithe Barn is one of the finest examples of it's kind in this country and has been sympathetically restored by local craftsmen, using traditional methods. With features such as the original brick walls and open beamed ceiling, making it a truly special and unique setting for your ceremony, reception, party or event.

The barn is full of rustic charm, and can be decorated by yourself to make the setting truly unique to you, a variety of florists, photographers, cake makers, music bands, ring bearing owls and other services can be recommended.

YOUR AWARD WINNING MEOLS HALL PHOTOGRAPHER

Photography & art has been in my family for 3 generations. This provenance & passion shines through to your wedding photographs. With a relaxed but professional style, your wedding photographs will have my distinctive classy and dramatic style.

Knowing the Meols Hall wedding co-ordinators and how they like to work is also incredibly important. This helps for a smoother running of the day, as we both know and keep to the schedule planned. We both work together behind the scenes to make sure everything is 150% perfect. And also making sure you have enough time for all your wedding photographs.

I'll blend into the background capturing those natural moments, so you'll barely notice I'm there. Once your wedding photographs are ready, you'll be invited to my studio in Southport for your private viewing. Seeing your wedding photographs for the very first time.
